

PRAGATI SINGHAL

B.Tech Computer Science & Engineering | 2nd Year Student

Email: pragatisinghal456@gmail.com | Phone: 9259441546

CAREER OBJECTIVE

Motivated and enthusiastic B.Tech Computer Science & Engineering student seeking an internship opportunity to apply and strengthen my knowledge of programming, Artificial Intelligence, Machine Learning, computer vision, and software development. Eager to learn from industry professionals, solve real-world problems, and contribute to meaningful projects.

EDUCATION

Graphic Era (Deemed to be) University	B.Tech – Computer Science & Engineering 2nd Year Currently Pursuing
TRM Public School	Class 12th Passed
TRM Public School	Class 10th Passed

TECHNICAL SKILLS

Programming Languages	C, C++, Python
AI / ML	Artificial Intelligence, Machine Learning, Deep Learning Fundamentals
Computer Vision	Object Detection, YOLOv5, YOLOv8
Core CS	Data Structures & Algorithms, Object-Oriented Programming
Other	Problem Solving, Logical Thinking, Basic Software Development

PROJECTS

1. Emotion Detection Using YOLOv5 & YOLOv8

Technology: Python, YOLOv5, YOLOv8, Computer Vision, Deep Learning

- Developed an emotion detection system using YOLOv5 and YOLOv8 object detection models.
- Used computer vision and deep learning techniques to detect and classify human facial emotions from images/video.
- Prepared and processed image datasets for model training and evaluation.
- Trained and tested YOLOv5 and YOLOv8 models and compared their detection results.
- Gained practical experience in object detection, dataset preparation, model training, evaluation, and computer vision.

2. Insurance Company Management Project

Technology: C++ / Python

- Developed a basic insurance company management project to manage customer and insurance-related information.
- Implemented features for storing, accessing, and managing insurance records.
- Applied programming concepts such as classes, objects, functions, and data handling.
- Designed the project to strengthen understanding of real-world software applications.

RELEVANT COURSEWORK

C Programming • C++ Programming • Python Programming • Data Structures & Algorithms • Object-Oriented Programming • Artificial Intelligence • Machine Learning • Database Management Systems

SOFT SKILLS

Problem Solving • Quick Learner • Teamwork • Communication • Time Management • Adaptability • Willingness to Learn

CAREER INTERESTS

Software Development • Artificial Intelligence • Machine Learning • Python Development • Computer Vision • Data Structures & Algorithms

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.
